Palace Budget Estimate for 1879/80.

Memorandum

4315-87 15 Nov 1878.

The Deputy Accountant General in submitting for orders, the Palace Budget Estimates for 1879-80, states that the sanction conveyed in the Chief Commissioner's Proceedings No 1269 dated 31st October 1878 to increase the allowances for charities to Her Highness the 2d Maha Ranee and other ladies of the Palace, aggregating Rupees 18,000 per Annum in lieu of 16,200 ~~allowance~~ provided for in the Budget [illegible] requires the confirmation of the Government of India.

2 The Controller proposed in submitting the Budget to raise the Grant for "ordinary supplies" from Rs 94,000 to Rs 120,000, with a remark that account has been taken of the enhanced prices which will have likely to be continued to be paid for Grain & other articles of food for some time to come, but in para: 2 the Deputy Accountant General suggests that judging from the favorable prospects of the season, the provision for the ensuing year 1879-80 under this head, should be retained in its normal figure of Rs 94,000.—

3 The Controller has proposed Rs 30,000 under the head "Miscellaneous Items" stating that in anticipation

of travelling & other contingent charges likely to be incurred more frequently than usual. The Deputy Accountant General states that this item should be determined by the Chief Commr.

4 The circumstances connected with the allowances for Charities &c. of the Maharanees & other ladies of the Palace are fully detailed in the accompanying Memo: of 17th February 1877, herewith submitted, from which it will be observed that the allowances on both occasions, Viz in 1868 & 1874, were granted with the sanction of the Government of India.

5 With reference to the grant for "ordinary supplies" on comparing the printed Palace Budgets for the past 4 years Viz 1875-76- 76-77,-77-78 & 1878-79, the normal figure of 94,000 Rupees was uniformly entered and approved by Government, and I respectfully beg permission to submit, that during these years owing to the failure of Crops, and seasonable rain, the deficiency in the total grant under all heads of the Palace charges were met by supplemental sanctions of the Government of India.

6 The provision for the item "Miscellaneous" was ~~for~~ only Rs. 10,000 provided for in each year, but in consequence of

Liability of 30000 under this head kept allowed.

Sir

I have the honor, in submitting for the Chief Commissioner's orders the Palace Budget Estimates of 1879-80, together with the Controller's letter No 18 dated 11th Instant in original, to observe that the increase to the allowance of 1/11 the Maha Rance for charitable purposes from Rupees 16200 to Rs 18000 under the Chief Commissioner's sanction No 1266 dated 31st October last, requires the confirmation of the Government of India

The Grant for "Ordinary supplies" has been raised by Rs 36000 and the Controller remarks that "account has been taken of the enhanced prices which will

will have likely to be continued to be paid for grain &c., but judging from the favorable prospects of the season, I beg to suggest that the grant may be reduced to its normal figure of Rs 9,000-

The next grant calling for remarks is that for "Miscellaneous items" which has been entered at Rs 30,000/ instead of the usual Rs 10000/. The Controller states that it is intended to provide for "travelling and other Contingent charges likely to be incurred more frequently" which the Chief Commissioner has to determine
